

*Le Haute Spa* LLC an innovative cannabis-infused spa event concierge, designed for women, aims to address the stigmas of marijuana and mental health in the world today, in line with the founder's goal of helping more people harness the benefits of cannabis. The popularity and acceptance of cannabis have skyrocketed in recent times, particularly as more people are beginning to realize its immense health benefits. However, the stigma that comes with marijuana and mental health remains a major issue affecting the consumption of cannabis and CBD products. Shea Ryan, the founder of Le Haute Spa, is consequently looking to address this issue with the introduction of Le Haute Spa LLC.

Le Haute Spa is a proud member of the #spabosstribes, a collective of spa, health and beauty professionals lead by magnetic powerhouse and serial entrepreneur, Candace Holyfield. Le Haute Spa is featured in the third installment of "Spa Queen Magazine," the first Black Spa Magazine, founded by Holyfield. The third edition was featured during the 25th Anniversary of Essence Festival, July 4th through July 7th 2019 in New Orleans. Le Haute Spa is gearing up to be a "Show & Tell" Presenting Sponsor & Exhibitor during Chief Activator, Lucinda Cross' Activate 2K19 'Big ASK' Conference, September 20, 2019.

## ABOUT LE HAUTE SPA LLC

*Le Haute Spa* was founded by avid cannabis consumer, Shea Ryan, to host and deliver luxury, cannabis-infused spa, beauty and holistic wellness experiences directly to clients. Shea aims to continue to spread the positive message of cannabis by sharing her experiences as a patient and advocate while also learning how to effectively microdose and find healthier alternatives to inhaling. As Shea believes cannabis can truly heal us if we'd let it, she is excited for the opportunity to coalition build with other like-minded women who may struggle with mental health and seek to learn how #cannabismedicine.
